National Tutoring Programme and Information Sharing

Dear Parents/ Carers

You may be aware that the government have allocated additional funding to provide extra support for pupils to 'catch up' on lost learning time caused by school closure and disruption during the COVID19 pandemic.

The National Tutoring Programme is one of the ways that we can support our children with additional input at this time. Some children may be selected to receive extra small group or 1 to 1 tuition from external agencies and tutors or Eastway staff.

If your child has been selected to receive tuition you will be informed, some sessions will take place before or after school and we appreciate your support in bringing them in to school for these sessions. The data for all children in school will be collected, as we are part of a project to measure the impact of lockdown and school closure on all of our pupils.

Please read the information attached and let us know by Monday 26th April if you do not wish for child's information to be shared with our external agencies.

We look forward to seeing our children flourish over these next few months with the targeted support and additional tuition and welcome the opportunity to be supported by national agencies to review their assessment information.

Many thanks

Mrs Morris
