

## **Sports and PE Spending** **2016/17 Review**

Here at Eastway, we are committed to the development and delivery of high quality PE lessons and sporting opportunities and have a teacher who has been given responsibility for using the PE and sports grant effectively for the benefit of each and every child in our school. Our whole school vision and aims is underpinned by the priority for Social, Emotional, Mental and Physical Health and developing active and happy learners.

### **Funding Allocation**

From September 2013 Eastway Primary School has made use of additional government funding to enhance and improve our P.E. and Sport provision. £8600 was allocated for 2016/17. This year (2017/18) with the increase in funding we have been allocated £17720.

### **How we spent the funding 2016/17.**

It is up to schools how best to use this funding but here are some of the ways we have used it last year 2016/17. We feel the funding has allowed us to extend and enhance our provision which has benefited all our children. (If you have any suggestions or comments about how the funding could be or is used, please let us know through our Parent Representative group or by speaking to any member of the Senior Leadership team or Miss Roti).

- Weekly, high quality specialist P.E. and sport lessons are provided for all children at Eastway Primary School. Lessons are well planned, differentiated and active. Children's abilities are assessed regularly to inform future planning.
- Specialist coaches are also employed to lead a wide range of after school sports clubs for all children.
- The coaches also provide training and support for staff and our P.E. leaders to improve their confidence and competence in teaching P.E. and sports.
- We have attended a range of competitions, festivals and tournaments across the Wirral involving many of our pupils.
- All P.E. and sports provision is jointly monitored by staff from Claremount College Sports Department and the school's Senior Leadership team to ensure high quality provision.
- The number of children attending extra-curricular sports clubs has risen from 35 (2014/15) to 92 (2015/16).
- We have sign posted children to many of our local clubs where they can extend and develop their knowledge and skills e.g. Football, boxing and trampolining clubs.
- Lunch-times and play-times are supported by our P.E. coach.
- We have trained some of our Year 5 and Year 6 pupils to take on the role of young play-leaders.
- A range of equipment has been purchased for lunch-time activities and our P.E. and sport curriculum.
- All our Key Stage 2 children learn to swim.
- We provide a number of opportunities for our children to take part in out-door and adventurous activities, including orienteering.

- We have greatly enhanced the quality and quantity of our sports and P.E. provision across the school with the new funding which has resulted in very active children who love a range of P.E. and sports activities.

### **Impact of P.E. and Sports funding 2016-17**

#### **Secondary partnership**

We have continued to purchase the services of Clare Mount Specialist Sports College, a local secondary school with an excellent PE department. The school supports us by providing a specialist PE teacher to deliver high quality PE lessons two afternoons a week, throughout the year, to 4 classes in the school. All classes have benefitted from this teaching and expertise and each class teacher has had the opportunity to work alongside the specialist teacher and develop their own skills and knowledge. CMSSC also organise and deliver a 'sports festival calendar' which is a series of inter-school sporting competitions which can be accessed by a large number of our children from Year One upwards.

#### **Assessments in P.E. and Sport**

All children have been assessed during the year and have an overall judgement for the end of year. Judgements were made by the class teacher and a specialist PE teacher from Clare Mount Specialist Sports College. The majority of children are working at a level which is age appropriate with many working above expected levels for their age. There is clear evidence of children making good progress during the year.

#### **Extra-Curricular**

The number of children attending extra-curricular sports club rose from 35 in 2014/15 to 92 in 2015/16. The number of girls attending clubs doubled from 12 to 24, we will continue to look for a range of clubs to engage more girls in sport in 2017/18. Extra-curricular clubs were delivered by a sports coach and the lead PE teacher for children from F2 to Year 6. A variety of clubs were delivered from football, tag rugby and netball to athletics and dodgeball. Eastway Primary finished as runners up in the Clare Mount Specialist Sports College 5 netball tournament. Eastway Primary also participated in Moreton schools football tournament - Years 3 and 4. Competitions include long jump, skipping and speed bounce.

#### **Staff Training**

The funding has now facilitated the teaching of P.E. by specialist sports coaches from Foundation 2 to Year 6. This coaching allows teaching staff opportunities to develop their knowledge of teaching P.E. Staff were trained to support and facilitate P.E. and sports resulting in many staff organising and supporting a range of events.

For how we are going to spend our funding for 2017/18 and the planned impact please see the PE & Sport Action Plan 2017/18 and published PE & Sport Premium Spending Plan 2017/18, available on our school website.
