### Eastham Country Park

This hidden gem is a great place for kids to explore with lots of space and a dog-free play area. It's particularly good for bird watching too! There are nature trails to follow through the woodlands and there is even a bear put so make sure you keep an eye out for any furry friends! There are a couple of pubs and cafes nearby if you get peckish and great views over the Mersey too.

### Crosby Beach - Antony Gormley

**Address:**

**Crosby, Liverpool, L23 6SX**

The spectacular sculptures by Antony Gormley stretch along Crosby beach. Another Place consists of 100 cast-iron, life-size figures spread out along three kilometres of the foreshore, standing almost one kilometre out to sea. The Another Place figures - each one weighing 650 kilos - are made from casts of the artist's own body standing on the beach, all of them looking out to sea, staring at the horizon in silent expectation.

Now a permanent feature, the famous statues are part of the Merseyside landscape and a photographers paradise. Not forgetting the stretch of golden sand, Crosby beach is a gem of our coastline where you can have a stroll taking in the sea air or have a great family day out.

### Formby Pine Woods

Fresh and scenic winter walks amongst the sweeping costal pinewoods and dramatic sand dunes are sure to get that festive mood flowing! Wrap up warm and enjoy the breath-taking views towards the sea and sand dunes.

If you are lucky you might also just spot some of the red squirrels or natterjack toads

**Nearest station:** Freshfield Station + 15-minute walk

### Wirral Way

Once an old railway line, the Wirral Way offers a 12 mile stretch of stunning scenery and historical railway architecture including Hadlow Station, which remains in the same Victorian style it had many years ago.

Perfect for a brisk walk or a cycle, the Wirral Way could be considered as one of Merseyside's best kept historical secrets!

**Nearest station:**

West Kirby + 15-minute walk
