Monday 20th September

Dear Parents/Carers,

To improve spelling across the school, we have signed up to Spelling Shed, an online resource for teachers and children. The Spelling Shed helps children to practise and learn their spellings via a simple game. The game gives four different degrees of support in the form of difficulty modes; Easy, Medium, Hard and Extreme. Higher levels allow a higher score to be achieved but children can practise as much as they like on lower levels before trying to gain high scores.

Spelling Shed also allows for homework and we will be setting spelling homework each week using this. Spelling assignments will be set on a Monday and will be set for the week, ready for a Spelling Quiz on the Friday. Your child's teacher will set lists of words that your child should practise each week and we will monitor their progress. We will also send the spellings home in the children's spelling logs and would encourage children to do these alongside the online game. Children are expected to complete spelling homework each day, this can be done online using Spelling Shed or within their spelling logs.

Your child has been given their login information and they can access our online game via <http://play.spellingshed.com>. The website can be accessed via the internet using a laptop or tablet for free, or via an app. You do not need to download the app as children can complete everything they need using the online version through a browser. The children have been shown how to log on and how to access the homework that has been set.

If you have any questions regarding the website or homework, please don't hesitate to contact your child's teacher.

Many thanks,

Miss Dalby
English Lead
