This Code of Conduct is to remind everyone about how we expect them to behave in and around the school.
We expect parents, carers and visitors to:

- respect the nurturing and inclusive Ethos of our school;
- always respect the school staff and support the things that have been done to help your child learn;
- set a good example by behaving well and not using bad language;
- make sure you ask the school for their view of any incidents so that you can see if it is the same as your child's view before you take things further;
- ask the school for help if you don't understand something or want to know more detail;

In order to have a peaceful, safe and happy school environment, parents, carers and visitors must not:

- disrupt classes or any area of the school;
- question decisions made by the school in front of children or other parents;
- use loud or rude language, swear or show temper;
- threaten to, or physically intimidate a member of the school staff, other parents or carers;
- damage or destroy school property;
- criticise the school, staff, pupils or other parents on the school premises, or on social media;
- send abusive or threatening emails or make abusive or threatening phone calls;
- approach another child to ask them, or tell them off, about something that may have happened with your child. This may be seen as an assault;
- smoke or drink alcohol or have taken other drugs whilst on school premises;
- spit on school grounds.

If parents, carers or visitors do not accept our guidance the school may need to contact other authorities and possibly ban offenders from being on school grounds.

We know that parents, carers and visitors will be happy to help us provide a safe and happy school and we thank you for your support.

At Eastway Primary we are extremely fortunate to have very supportive and friendly parents without which we would not be able to function so successfully. Educating children is a process that relies on partnership between parents, class teachers, staff and the school community.

It is important that children see everyone working together to help them understand how to work in the future. Therefore we will always welcome parents and carers into school
