EASTWAY PRIMARY SCHOOL

DATA RETENTION POLICY

Adopted by Governors July 2025

Review date July 2027

Version History Log

Version	Description of Change	Date of Policy Release by Judicium
1	Initial issue	06.05.18
2	Updated to include references to UK GDPR.	
3	Updated with statutory references for certain retention periods.	
4	Changed retention period for accident records for under 18s to age of 21 with a comment to explain why.	November 2021
5	Formatting amendments	04.08.22
6	Updated with statutory references for certain retention period. Revised guidance on retention of pupil records. Additional categories of records detailed in retention schedule. Further information detailed following conclusion of ISCA.	27.08.2024

Data Retention Policy

The School has a responsibility to maintain its records and record keeping systems. When doing this, the School will take account of the following factors:

- The most efficient and effective way of storing records and information;
- The confidential nature of the records and information stored;
- The security of the record systems used;
- Privacy and disclosure; and
- Accessibility of records and record keeping systems.

This policy does not form part of any employee's contract of employment and is not intended to have contractual effect. It does, however, reflect the School's current practice, the requirements of current legislation and best practice and guidance. It may be amended by the School from time to time and any changes will be notified to employees within one month of the date on which the change is intended to take effect. The School may also vary any parts of this procedure, including any time limits, as appropriate in any case.

Data Protection

This policy sets out how long employment-related and pupil data will normally be held by the School and when that information will be confidentially destroyed in compliance with the terms of the UK General Data Protection Regulation (UK GDPR) and the Freedom of Information Act 2000.

Data will be stored and processed to allow for the efficient operation of the School. The School's Data Protection Policy outlines its duties and obligations under the UK GDPR.

Retention Schedule

Information (hard copy and electronic) will be retained for at least the period specified in the attached retention schedule. When managing records, the School will adhere to the standard retention times listed within that schedule.

The retention schedule refers to all records regardless of the media (e.g., paper, electronic, microfilm, photographic etc) in/on which they are stored. All paper records will be regularly monitored by the Operations Manager and electronic records by Hi Impact].

Destruction of Records

The schedule is a relatively lengthy document listing the many types of records used by the School and the applicable retention periods for each record type. The retention periods are based on business needs and legal requirements.

Where records have been identified for destruction, they should be disposed of in an appropriate way. All information must be reviewed before destruction to determine whether there are special factors that mean destruction should be delayed, such as potential litigation, complaints or grievances.

All paper records containing personal information or sensitive policy information should be shredded before disposal where possible. All other paper records should be disposed of by an appropriate wastepaper merchant. All electronic information will be deleted.

The School maintains a database of records which have been destroyed and who authorised their destruction. When destroying documents, the appropriate staff member should record in this list the following: -

- File reference (or other unique identifier);
- File title/description;
- Number of files;
- Name of the authorising officer;
- Date destroyed or deleted from system; and
- Person(s) who undertook destruction.

Retention of Safeguarding Records

Any allegations made that are found to be malicious must not be part of the personnel records.

For any other allegations made, the School must keep a comprehensive summary of the allegation made, details of how the investigation was looked into and resolved and any decisions reached. This should be kept on the personnel files of the accused.

Any allegations made of sexual abuse should be preserved by the School for the term of an inquiry by the Independent Inquiry into Child Sexual Abuse. All other records (for example, the personnel file of the accused) should be retained until the accused has reached normal pension age or for a period of 10 years from the date of the allegation if that is longer. In 2022 the Independent Inquiry into Child Sexual Abuse (IICSA) concluded and published their final report, leaving a recommendation that all records relating to child sexual abuse should be retained for a period of 75 years.

The ICO has not currently produced guidance or frameworks regarding retention as recommended by the inquiry. Until this has been produced, records will still be retained for a prolonged period as recommended initially by IISCA in order to fulfill potential legal duties that a school may have in relation to the inquiry or any further guidance.

Archiving

Where records have been identified as being worthy of preservation over the longer term, arrangements should be made to transfer the records to the archives. A database of the records sent to the archives is maintained by the Operations Manager. The appropriate staff member, when archiving documents should record in this list the following information: -

- File reference (or other unique identifier);
- File title/description;
- Number of files; and
- Name of the authorising officer.

Transferring Information to Other Media

Where lengthy retention periods have been allocated to records, members of staff may wish to consider converting paper records to other media such as digital media or virtual storage centres (such as cloud storage). The lifespan of the media and the ability to migrate data where necessary should always be considered.

Transferring Information to Another School

We retain the pupil's educational record whilst the child remains at the School. Once a pupil leaves the School, the file should be sent to their next school. The responsibility for retention then shifts onto the next school. We retain the file for a year following transfer in case any issues arise as a result of the transfer.

We may delay destruction for a further period where there are special factors such as potential litigation.

Responsibility and Monitoring

The Operations Manager has primary and day-to-day responsibility for implementing this policy. The Data Protection Officer, in conjunction with the School is responsible for monitoring its use and effectiveness and dealing with any queries on its interpretation. The Data Protection Officer will consider the suitability and adequacy of this policy and report improvements directly to management.

Internal control systems and procedures will be subject to regular audits to provide assurance that they are effective in creating, maintaining and removing records.

Management at all levels are responsible for ensuring those reporting to them are made aware of and understand this policy and are given adequate and regular training on it.

Emails

Emails accounts are not a case management tool in itself. Generally, emails may need to fall under different retention periods (for example, an email regarding a health and safety report will be subject to a different time frame to an email which forms part of a pupil record). It is important to note that the retention period will depend on the content of the email and it is important that staff file those emails in the relevant areas to avoid the data becoming lost.

Pupil Records

All schools with the exception of independent schools, are under a duty to maintain a pupil record for each pupil. Early Years will have their own separate record keeping requirements. If a child changes schools, the responsibility for maintaining the pupil record moves to the next school. We retain the file for a year following transfer in case any issues arise as a result of the transfer.

Retention Schedule

FILE DESCRIPTION	RETENTION PERIOD
Employment Records	
Job applications and interview records of unsuccessful candidates	Six months after notifying unsuccessful candidates, unless the school has applicants' consent to keep their CVs for future reference. In this case, application
Job applications and interview records of	forms will give applicants the opportunity to object to their details being retained Added to staff personnel file and retained
successful candidates	in line with that record (6 years after employment ceases)
Written particulars of employment, contracts of employment and changes to terms and conditions	Added to staff personnel file and retained in line with that record 6 years after employment ceases.
Right to work documentation including identification documents and immigration checks	Kept separately from personnel file and retained for 2 years after employment ceases. Employer's guide to right to work checks: 21 June 2024
DBS checks and disclosures of criminal records forms	DBS certificates should be destroyed as soon as practicable after the check has been completed and the outcome recorded (i.e. whether it is satisfactory or not) unless in exceptional circumstances (for example to allow for consideration and resolution of any disputes or complaints) in which case, for no longer than 6 months
Change of personal details notifications	No longer than 6 months after receiving this notification
Emergency contact details	Destroyed on termination
